   5. Shelinsky, Stephanie
      • Drama Club Assistant Advisor
      • Seymour High School
      • Effective June 2, 2018

VII. REPORTS and DISCUSSION

A. Update on Summer Facilities Projects – Joe Falzone
   Mr. Joe Falzone reported that it was a hectic summer and they got a late start due to the last day of school being pushed back due to bad weather. He explained that summer project work is separate from the normal everyday projects.
He reported that at the high school they have repaired known roof leaks, screened and applied polyurethane to the basketball court, are working to replace four older water fountains, repaired and replaced floor tiles, restriped the parking lots, inspected and repaired student lockers, are working to repair the kiln for the art room, are installing speakers in guidance area, and are cleaning all exterior windows. At the middle school, repairs were made to the roof, they restriped the parking lot, painted interior window frames, doors, and stairway railings, repaired flooring, painted the main office and resource officer office, inspected and repaired student lockers, are currently working on screening and applying polyurethane to basketball court and cleaning the exterior windows. At Bungay School they inspected and repaired the roof, did floor tile repairs, inspected and tested and pumped out excess sediment and water from the Underground Oil Storage Tank, They renovated classroom #4 for Special Education program, replaced boiler section for #1 boiler, are currently working to repair and paint exterior building trim, and began plans to build a new playscape to replace existing structure. At Chatfield-LoPresti they screened and applied polyurethane to the basketball court and painted new outlines and gaming on the side asphalt areas to extend recess. Mr. Kubik said we need to continue to look at the Bungay School major repairs as soon we will need to make a decision about a major renovation project. Mr. Belden agreed that we are rapidly approaching the time where a decision will need to be made. Ms. Harmeling said Election Day is quickly approaching and is this something we can put on the ballot. Mr. Belden said the first step is an architect should do a do an infrastructure study; he said the capital projects budget would pay for the study. Ms. Harmeling said she felt the high school tennis courts needed some attention and Mr. Strumello said Ms. Yusko asked for some trees to be removed so the court can dry quicker. Mr. Belden said he would look into this. Ms. Harmeling also asked about the Bungay School basketball hoops and Mr. Falzone said they had been repaired but are broken again. Mr. Belden said this was due to Town/Public use. Mr. Strumello voiced a concern that the schools were always in use and there was no down time to get work done. He volunteered to talk to the Recreation Department about this. Ms. Magri said she felt it would be appropriate for the Facilities Committee to discuss summer camp usage and it would be a good idea to invite Mary McNelis.

B. Board of Education Report

1. Chairman’s Comments
   Ms. Magri talked about the possibility of launching “The More you Know Monday’s” on our Facebook page. She encouraged Board members to submit their ideas to her. She felt this would be a good way to educate the community about happenings in the district. She said she was also interested in doing something that is being done in Shelton which is “Word of the Day”. This is a very successful program in Shelton and the community is very much involved. You will see the Word of the Day all over town at local businesses, the kids really like seeing it. We hope to be able to “borrow” this idea from Shelton and use it here in Seymour.

2. Board Member Comments
   Dr. Hendricks welcomed Lee-Ann Dauerty back and said the Board was very happy to have her return. Mr. Hatfield asked if any additional cost would be incurred if we use the trainers for weightlifting. Mr. Strumello voiced a concern about the mentoring program since Mr. DiStasi has moved to the high school. He wants everyone to know he does not want this program to go away. Ms. Magri agreed saying it is a phenomenal program. Ms. Stanek said he previously asked that the bus company ask their drivers to report on the condition of the roads and wanted to follow up on this request.

C. Superintendent Report

Mr. Wilson reported that on August 16 and 17, Vonda, Rick, and he hosted the Administrators for their annual retreat. Data was reviewed with our team in order to make informed decisions as well as to begin their School Improvement Plans. Over the summer, approximately five teachers were hired as the result of retirements and resignations and we are all set to start the school year in terms of teacher staffing. Mr. Wilson said we currently have some open positions which include coaching and a Drama Club coordinator. He feels confident that candidates will apply and is hopeful that we will have soon have candidates to recommend to the BOE. Our custodial staff has worked very hard in order to get the buildings ready for the start of school and they look great, so thank you to them. As you are aware, our annual convocation is set for this Thursday at 8:00 am at SMS, all Board members are invited to attend. Mr. Wilson is very happy to report that as of this afternoon, we have just over 1100 followers on our new Facebook page.

VIII. RECOMMENDED ACTIONS

* A. Security and Employment
   MOTION: (Mr. Strumello/sec., Dr. Hendricks) move that the Board enter Executive Session to discuss school security and the employment of the Director of Security.
