III. DISCUSSION AND POSSIBLE ACTION
A. Information and Recommended Action
   1. Financial Management Summary ending December 28, 2018
      Mr. Belden reported that the year-end audit submittal has been extended by the Town Finance department, as certain information from Milliman and Company is still being reviewed by the auditors. The Town will be providing an additional budget appropriation to the 2018-19 Board of Education budget, as additional unbudgeted ECS grant funds were provided to the Town for the 2018-19 in June, 2018. The amount is $142,476 (corrected from $172,476 by Mr. Belden at this meeting) reflects the funds required for the Town to meet the 2018-19 MBR. This amount will be utilized for the one-time capital expenses associated with the Bungay School playground replacement. Mr. Belden reviewed several of the line items as reported in the Financial Management Summary including Employee Benefits, which are slightly under budget, transportation which we have received the outplaced student transportation requirements and have adjusted the open purchase orders. Most of the line items 610-690 are trending on budget. Bus fuel is currently reflecting a budget variance but we may be receiving a federal fuel credit reimbursement for 2018 to potentially offset this variance. He reported that the Bungay Playground is imminent and the mulch has been spread. The technology line item will remain frozen until spring. Mr. Belden reported that there is a problem with a leak under a column at the middle school but the leak has been bypassed and the heat is working.
An RFP will be done in the spring to find a contractor to do the repairs in the summer using 2019-20 budget funds. Mr. Hatfield thanked Mr. Belden for the information provided for athletic training but noted that it was not up to date. Mr. Belden said the balance has not yet been processed through the system but he will get that done and report back to the committee.
