

2015-2016  
Teacher of the Year – Seymour, CT  
Stefanie Slie

“It is my duty to see that all of my students are being motivated and engaged. They deserve my time and full attention in regards to their education. I also believe that high energy levels and a positive attitude from the teacher are key elements to a successful learning environment. Most importantly, I want my students to know that I care for them.”

- Stefanie Slie
