#	PLEASE SHARE SOME OF THE REASONS YOU WERE EITHER COMFORTABLE OR UNCOMFORTABLE PARTICIPATING IN VIDEO CHATS/MEETINGS WITH YOUR CAMERA ON.	DATE
1	sometimes i didn't look my best especially early in the morning	7/29/2020 9:48 PM
2	I thought it was good because it's a better way to communicate.	7/29/2020 9:38 PM
3	I was relatively uncomfortable having my camera on because no other students had their camera on. Furthermore, I did not have a lot of video chats, so I was not completely comfortable or used to video chats in general. I also feel that showing my face would have been a distraction for myself.	7/29/2020 7:58 PM
4	Well I don't like how we have to activate our cameras	7/29/2020 7:08 PM
5	I don't like people seeing my room where I had to work because my entire family was working online too	7/29/2020 2:54 PM
6	I didn't like the fact that I couldn't really see myself on camera but I knew others could see me when I was talking.	7/28/2020 9:16 PM
7	I was pretty comfortable because I new the people on the meat	7/28/2020 8:32 PM
8	Because it was just like in school except we were at home.	7/28/2020 8:16 PM

10	I was comfortable because I could see other students	7/28/2020 6:44 PM
11	Most of the time I was comfortable depending on wether I had time to do my hair or stuff like that.	7/28/2020 3:29 PM
12	It was the same kids and teachers from school, so it didn't really make a difference on me.	7/28/2020 9:25 AM
13	I don't like using my laptop camera	7/27/2020 10:47 PM
14	I was comfortable keeping my camera on because in school people see me all the time and I don't consider distance learning any different.	7/27/2020 9:38 PM
15	My teacher Mrs. Ciocca made it very easy and comfortable	7/27/2020 9:28 PM
16	I feel pretty comfortable because most of the kids had their face cameras on and then some didn't because they didn't feel comfortable with it on, which fine. Some of the teachers made us put the camera on if we were on the video chat or we were doing a lesson. I also felt comfortable because I got to see some of my friends that I was close to.	7/27/2020 9:12 PM
17	Because people on their Snapchat when I used to have it still posted people on their stories even when they were told not too.. and I have a lot of enemies and I don't want them to make fun of my face.	7/27/2020 8:31 PM
18	Its better for people to see my face to see what I look like	7/27/2020 7:32 PM
19	It was not that I was uncomfortable it was that my teacher said that we had to be dressed and hair done and stuff like that. And I usually woke up around the time we did the meet so I just tuned the camera off to avoid getting into trouble	7/27/2020 7:31 PM
20	It felt like a regular class to me so it felt more natural.	7/27/2020 7:07 PM
21	Laptop has no camera	7/27/2020 6:56 PM
22	Did not want to	7/27/2020 6:23 PM

24	I have very bad anxiety and felt it overwhelming.	7/27/2020 5:57 PM
25	I didn't turn my camera on, as all of my teachers said we can leave our cameras off if we felt uncomfortable. I just would've felt kind of uncomfortable with the camera on. I wouldn't HATE it if we had to do it, though. Just prefer not to have it on.	7/27/2020 5:18 PM

39	I was comfortable because I could participate a lot more.	7/27/2020 11:01 AM
40	Yes I felt very comfortable because I learn better when I'm talking to the teacher and hearing what they have to say. For me the more meetings the better.	7/27/2020 10:28 AM

48	Some of the ways I was comfortable with my camera on is because I don't like seeing myself in video chats. I'm fine because I have to but if I had a choice I rather do it when I look semi good.	7/27/2020 10:02 AM

#	RESPONSES	DATE
1	Some discussion problem	7/29/2020 10:35 PM
2	i did not face problems with distant learning.	7/29/2020 9:48 PM
3	Usually forgetting to click the turn in button, for example I would rush and forget to click turn in.	7/29/2020 9:38 PM
4	The main problem or challenge that I personally faced with distance learning is hindered communication with my teachers. Although I could email teachers, an email is not the equivalent of a conversation. Not only is it harder to express your thoughts through writing, but with emailing you often do not get an immediate response. This made it difficult for me to get clarification on assignments, material, etc.	7/29/2020 7:58 PM
5	Learning new info	7/29/2020 7:08 PM
6	I just missed having access to my teachers at all times when I had a question, cause most wouldn't answer to the emails right away so it was hard to finish that assignment i needed help on.	7/29/2020 3:14 PM
7	Sometimes websites didn't work, take long for teachers to respond, challenge uploading pictures on my projects because my personal chromebook camera was blocked on my school account	7/29/2020 2:54 PM
8	Writing an essay was my most difficult time when doing my assignment.	7/29/2020 11:28 AM
9	Subjects such as math were really hard to grasp and learn virtually	7/29/2020 1:59 AM
10	Mostly, the amount of work and sometimes the due dates.	7/28/2020 11:48 PM
11	I had way too much homework and class work because teachers were posting at least an hour of work almost every day and it became difficult with all 7 of my classes. The teachers don't know how much homework I have in other classes and it's hard to communicate with all of them that I have too much work since we're not in school. It was also hard to teach myself the content with just videos and work sheets. I learn better when I can quickly ask questions about what we're learning in the moment instead of many emails back and forth.	7/28/2020 9:16 PM
12	Math and lexia	7/28/2020 8:32 PM
13	Some teachers took a while to respond.	7/28/2020 8:16 PM
14	That we didn't have more time for video chats. Also for example math it would be hard to understand because sometimes you can't get enough help.	7/28/2020 7:08 PM
15	I had no challenges	7/28/2020 6:44 PM
16	Some of the work was more challenging because it was not explained enough what we were supposed to do.	7/28/2020 6:22 PM
17	For me, It was difficult to learn at home since you are not in a learning environment and I don't really like online learning. I prefer learning in a classroom than at home	7/28/2020 6:21 PM
18	I would get frustrated a lot when our music teacher would assign something everyday. My mom told me to pick one a week because I only had music once a week.	7/28/2020 3:29 PM
19	None	7/28/2020 3:21 PM
20	at first just learning how to find the links to everything. But it was easy to figure out and my teachers helped me if I asked them.	7/28/2020 12:30 PM
21	Teachers not giving enough time for assignments and posting on days we did not meet.	7/28/2020 11:35 AM
22	One of the challenges was when we had to do our Connecticut state project and a problem was when sometimes in the morning meeting we couldn't type for a little bit.	7/28/2020 10:05 AM
23	Having to finish the work on time while having to do some other work. I still managed to finish the work.	7/28/2020 9:25 AM
24	My teachers were not available to help at times when I needed it.	7/28/2020 6:22 AM
25	Wasn't able to do hands on learning	7/27/2020 10:47 PM

26	Teachers took 30 minutes- 1 hour to respond, and only 2 teachers did pre-recorded lessons.	7/27/2020 9:38 PM
27	Some distractions with family home.	7/27/2020 9:28 PM
28	I personally think that when we were in school I would not pay attention because I didn't really care about what I was learning about, but when I was distance learning my mom was constantly on me about getting my grades up. When we are home it is easier for me to focus on my work because it is quieter.	7/27/2020 9:12 PM
29	Took longer to understand the topic	7/27/2020 9:00 PM
30	That I can't comprehend good without being face to face.	7/27/2020 8:31 PM
31	Finishing my work on time	7/27/2020 7:32 PM
32	I Just felt like we had a little bit too much work because I would start around nine and finish around three almost every day it could've been just me but I feel like we had a little bit too much work but with the distance learning itself I sometimes experienced technical difficulties like when I handed in something teachers would say I didn't Hand it in and when I emailed The email would never reach them.	7/27/2020 7:31 PM
33	None	7/27/2020 7:29 PM
34	I had to do a lot of work while juggling classes that had projects due at the end of the week. (At Friday)	7/27/2020 7:10 PM
35	Some things we harder to learn that need a lot of face to face contact like math for me	7/27/2020 7:09 PM
36	Computer app issues. For example, sometimes my ZOOM wasn't working well and I would have to re-download it.	7/27/2020 7:07 PM
37	None	7/27/2020 7:04 PM
38	Not as easy to just raise a hand and get an answer to a quick question	7/27/2020 6:56 PM
39	That I could not have the teachers to explain	7/27/2020 6:23 PM
40	No problems.	7/27/2020 6:02 PM
41	I had no motivation to do my work.	7/27/2020 5:57 PM
42	asking my math teacher direct questions about how to do certain formulas and other things was kind of hard. but it was always okay in the end because she would provide videos.	7/27/2020 5:18 PM
43	I felt like I didn't have enough work to do because I would finish it so fast that I felt like I needed more. I also felt like I didn't learn anything because it was mostly review and we would just quickly zoom through our work.	7/27/2020 4:17 PM
44	like when I emailed a teacher and they took a couple hours to respond	7/27/2020 2:42 PM
45	It was kind of hard to understand everything because it wasn't explained too well	7/27/2020 2:23 PM
46	- not enough help - harder to learn	7/27/2020 2:11 PM
47	Confusion with learning the material.	7/27/2020 1:12 PM
48	Finding where the work was	7/27/2020 1:08 PM
49	Piles of work with no teaching	7/27/2020 1:06 PM
50	Personally some problems or challenges I faced with distance learning, is the scheduling. For instance, there was a day when I had to meet up with a teacher for one class, but also had to meet up with another teacher for another class at the same time, so that caused quite a bit of issues. Anther problem would be connection problems aka. wifi issues. Other than that there weren't really any problems or challenges that occurred.	7/27/2020 12:31 PM
51	Scheduling, because the teachers piled everything up on Friday, so I'd do everything on Thursday, and I wouldn't be able to focus Monday through Wednesday.	7/27/2020 12:28 PM
52	It was hard not to get an immediate response when I reached a problem or something I did not understand. Although, it did allow me to work at it a bit and most of the time figure it out myself without having to email my teacher.	7/27/2020 12:26 PM

110	Turning work in on time	7/22/2020 3:03 PM

112	Too much work or not enough work. My teachers also did not tell me when I was missing assignments. We also only did meetings once a week.	7/22/2020 2:40 PM
113	Hard to communicate with teachers sometimes if I was confused. Different like when in school you could just raise your hand and they are there to help you.	7/22/2020 1:37 PM

117	Meeting the deadline	7/22/2020 12:58 PM
118	there was nothing to enforce the learning curriculum, and adapting was difficult seeing as online learning is not effective for me to comprehend information	7/22/2020 12:52 PM
119	It was hard to wait for the teachers reply to a question online whereas if I was in school and I asked a question I would get a reply immediately.	7/22/2020 12:43 PM
120	I had no motivation to actually complete work.	7/22/2020 11:12 AM

125	I had no motivation while I was home.	7/21/2020 11:00 PM
126	I did not face many challenges. If I had difficulty on work, I would chat with my teachers via email in order to get the best help that I could.	7/21/2020 10:59 PM
127	If I had a question about something I would have to send an email and then wait for a response which was frustrating sometimes.	7/21/2020 9:24 PM
128	Learning work from my more difficult classes like calc. It was harder not to have the direct teacher to student interactions. Also group work was more difficult because we had to communicate online rather than in person.	7/21/2020 8:00 PM
129	it was just overall harder to learn things that I found difficult to learn	7/21/2020 7:41 PM
130	Grasping certain subjects were a little harder.	7/21/2020 7:39 PM
131	I didn't have any challenges going through this distance learning.	7/21/2020 7:11 PM
132	my parents don't know how to teach math	7/21/2020 7:02 PM
133	I had a hard time communicating with teachers. They had a lot of questions from students to answer and sometimes it took very long to get an answer or I got no answer at all.	7/21/2020 6:15 PM
134	Staying motivated and actually understanding work. In school its easy for me to do work and understand lessons, the same could not be said online	7/21/2020 5:02 PM
135	I had a harder time learning the material, it was more about completing the assignments than actually learning the material during this period of time.	7/21/2020 4:57 PM
136	i had no guidance. work was confusing. too much content thrown at me at once.	7/21/2020 4:18 PM
137	Had questions for my teacher that my parents did not have the answer to	7/21/2020 4:16 PM

149	Less learning and time spent doing work.	7/21/2020 1:45 PM
150	Not having enough interaction with teachers	7/21/2020 1:43 PM
151	I didn't like anything	7/21/2020 1:42 PM
152	Some teachers were not sticking to the schedule (A-D day), and I didn't really have time to myself to just relax or take a breather. For example, I would make sure my work was done around noon, but then a teacher would post something in the evening and make it due tomorrow, which is enough time, but knowing that assignment was there was irritating. In addition, math was difficult for me to understand because I like it when Mr. Spath teaches it in person where I can ask direct questions. Online, I don't have that luxury of having Mr. Spath answer every single question I have.	7/21/2020 1:42 PM
153	sometimes forgetting about assignments or getting distracted by other things.	7/21/2020 1:38 PM
154	Couldn't always communicate with teacher, assignments would pile up	7/21/2020 1:36 PM
155	If you needed to ask a question you had to email them which takes awhile.	7/21/2020 1:36 PM
156	Too much busy work, sometimes directions weren't clear so I did assignment wrong without knowing, sometimes internet cut out and I had to start over on things after I was almost done, deadlines were hard sometimes.	7/21/2020 1:35 PM
157	i'm more of a hands on learner and just being given worksheet after worksheet was not beneficial to me and i didn't learn much.	7/21/2020 1:33 PM
158	The work loads were very inconsistent. One day it would be very little and then the next I would be swamped with assignments.	7/21/2020 1:30 PM
159	Communication with teachers and response back	7/21/2020 1:30 PM
160	math classes were harder to learn with distance learning	7/21/2020 1:26 PM
161	Wanting to do work	7/21/2020 1:26 PM
162	It was awful because I only stayed home and the whole situation fed my depression making it extremely hard to even get out of bed in the morning or focus on my work without having terrible thoughts.	7/21/2020 1:24 PM
163	Teachers were not accommodating if you couldn't make a video chat even though they would schedule it in the wrong time block and some didn't really understand how long assignments took students and didn't take it into consideration that we actually have other class work.	7/21/2020 1:21 PM
164	It wasn't the same. I didn't do worse in school but it wasn't the same as getting taught in person. I prefer being taught in person, though. It's easier for some classes to just be able to go up and ask questions.	7/21/2020 1:19 PM
165	I had no motivation to do anything as well as teachers gave a lot of work. On top of that I was always distracted because I'm at home.	7/21/2020 1:18 PM
166	waking up	7/21/2020 1:17 PM

168	Sometimes I couldn't understand something or I didn't want to do the work because i would always do it in bed.	7/21/2020 1:15 PM
169	Personally I didn't really face many challenges except some subject were a little more difficult without a teacher in a physical room such as Spanish. But that wasn't the teachers fault. Just a more difficult subject to distance learn.	7/21/2020 1:10 PM
170	a lot of work. lack of video chats with the class	7/21/2020 1:08 PM

173	At times it was hard to understand some material. For example for some of my math classes it was hard when the lessons were pre recorded because I wasn't able to ask questions. At the beginning most of my teachers did online classes but after two weeks fewer teachers did video meetings.	7/21/2020 1:03 PM
174	I have all honors and two AP classes and I was doing more work in certain classes every single day than we did than when we were in school. And the worst part of it was that we did not have 24 hours to complete it. He would post it on the morning not even at a specific time they all varies and say it was due at 2pm that same day when other classes gave you actual time to complete activities BECAUSE WE HAD OTHER CLASSES. I was doing more work in online school than we were actually in school and the AUDACITY that the fourth quarter is only worth 10%. That is a complete joke. It is a slap in the face to students who continued to work hard in these times and it truly shows that the administration does not care about the students. Might as well pay your staff only 10%. If its because of the students who did not do their work when the reality is that online school was easier because you could do it in your own home and did not have to have the stress of waking up and being stuck in a classroom for 6.5 hours a day. If a student did not complete their own work during online school that is their fault, their laziness, not the students who actually did their own works problem. And apparently thats a hard pill to swallow. I don't see why we could not have pass/fail and have the quarter still count as 20%. If the student was lazy and chose not to do their own work than they should be held accountable like we were in school and have that count as 20%. I truly don't see the logic.	7/21/2020 1:03 PM
175	I hate homework so much and this just feels like homework. It doesn't feel like learning	7/21/2020 1:00 PM
176	My classes that are mostly hands on or is on a certain system such as my construction, guitar, and stem class was harder to do work for so my grade ended up going down in the last quarter.	7/21/2020 1:00 PM

185	It was hard to reach out to teachers about assignments, they only responded from 8 am to 2 pm, so if I had problems with an assignment meant to be completed overnight, I was left in the dark, trying to figure it out, to do it wrong	7/21/2020 12:45 PM
186	One major problem was he was that there was no video chat, recorded lessons, etc. All of my teacher just posted work with a due date. I believe students would excel more and learn better if we had zoom/google meets with our teachers like we were in normal school.	7/21/2020 12:43 PM
187	When I didn't understand a part of the assignment I couldn't ask a question and get an immediate answer and sometimes the teacher didn't explain what I asked correctly	7/21/2020 12:41 PM
188	It was hard for me to understood what we were learning	7/21/2020 12:39 PM

Lol so were my mom and dad our printer was not set up so my mom would take a picture of some of my work that I had trouble submitting like art so yeah that helped	7/17/2020 5:41 PM
299	My classroom teacher was amazing and taught on camera every day. She even did a lunch for all the students on camera a couple times. She always made it fun. On the other hand one UA teacher didn't post for the last 4 weeks of school it was so confusing. A different specials teacher posted way too much I emailed her and told her and she didn't change a thing even some of my friends told me they emailed her too, yet she changed nothing.	7/17/2020 5:13 PM

305	Teachers didn't teach enough lessons	7/17/2020 4:48 PM
306	Nothing really, it was all quite easy	7/17/2020 4:44 PM
307	Some of my teachers assigned too much homework when I had 7 other Classes to do assignments for. Also, class lessons and pre-recorded lesson weren't done enough and should have been done more often because they're very useful.	7/17/2020 4:43 PM
308	Didn't understand many assignments could only do when mom could help	7/17/2020 4:38 PM

311	The teacher is not actually there	7/17/2020 4:33 PM
312	-Some teachers would give way to much work while others would give little to none. - Some of my classmates would e-mail one of the special teachers and she would reply with something that would not help at all. -My homeroom teacher would get us on a google meet at 8:55 and would end it at 10:00 and for me that was just way to long to be sitting down and we would not even do any of our school work on that meet	7/17/2020 4:29 PM
313	none	7/17/2020 4:28 PM
314	I found distance learning difficult. The teachers assigned a lot of work testing skills that were never taught. Personally, I didn't learn much of anything doing distance learning.	7/17/2020 4:23 PM

325	I was fine with distance learning.	7/17/2020 3:44 PM
326	I missed being in school	7/17/2020 3:38 PM
327	Teachers never had live lessons, if they had one team meeting a week they would talk about themselves and change times frequently	7/17/2020 3:33 PM
328	It was all at once. For example, the work was from all subjects. I would rather have it as doing one subject each day to have an easier process.	7/17/2020 3:32 PM
329	To quiet and easy work	7/17/2020 3:31 PM

#	RESPONSES	DATE
1	I learn same thing	7/29/2020 10:35 PM
2	i think i did better because when i was working there wasn't actual people distracting me like my friends and it was easier to focus.	7/29/2020 9:48 PM
3	I did pretty much the same because I was still learning new things.	7/29/2020 9:38 PM
4	I think my academic performance stayed the same when we switched to distance learning because my work ethic stayed the same. I treated online school the same way that I treated in-person school, and I put forth the same amount of effort. In addition, I am quite conscientious about my grades, so I was not ready to allow them to drop due to distance learning.	7/29/2020 7:58 PM
5	Because I didn't learn as much	7/29/2020 7:08 PM
6	There wasn't really a difference in my learning style, the only change for me was I had no teacher.	7/29/2020 3:14 PM
7	Just how I learn	7/29/2020 2:54 PM
8	Because my time at school and online school felt the same because I did manage to do good work but sometimes bad ones as well.	7/29/2020 11:28 AM
9	I was consistent with my work, and teachers did not pile up our work load	7/29/2020 1:59 AM
10	Because I wasn't stressed out to carry my stuff around and make my classes on time.	7/28/2020 11:48 PM
11	My academic performance didn't change because I am a hard worker and want to earn good grades, however, trying to learn on my own was very challenging and so I had to work much harder at home than I would at school where I was able to ask teachers questions at any time during the lesson.	7/28/2020 9:16 PM
12	Because we already learned some of it	7/28/2020 8:32 PM
13	Because we were learning at home and you couldn't really ask much questions. And some things didn't really work.	7/28/2020 8:16 PM
14	Need to be face to face. Talk directly.	7/28/2020 7:54 PM
15	For me it harder to understand when being online and not being taught in person.	7/28/2020 7:08 PM
16	It was easy for me to adapt	7/28/2020 6:44 PM
17	Distance learning was not the same as listening to teachers teach but it was not the worst it could have been.	7/28/2020 6:22 PM
18	I don't think that I did better or did I do worse.	7/28/2020 6:21 PM
19	I am a pretty independent person so when the distance learning started it wasn't too much of a big deal. I still did my best on all my assignments.	7/28/2020 3:29 PM
20	Because the teacher taught the same lessons	7/28/2020 3:21 PM
21	I was able to learn at my own pace.	7/28/2020 12:30 PM
22	Without other activities, a lot of my time was put towards school work.	7/28/2020 11:35 AM
23	I think this because I never learned anything different.	7/28/2020 10:05 AM
24	I pretty much kept the same grades and I completed my work on time.	7/28/2020 9:25 AM
25	My mom was there to help me with assignments that I had trouble with.	7/28/2020 6:22 AM
26	I did see a great change in my grades	7/27/2020 10:47 PM
27	I think this is because I had more time on assignments and was not rushed to finish a test/google form. I could really look things over and make sure I was good with all my answers.	7/27/2020 9:38 PM
28	Because my teacher Mrs. Ciocca was very helpful and understanding.	7/27/2020 9:28 PM

29	I think this is because when I am home I do not have many distractions then when I am at school and have my friends surrounding me. My friends and I were always talking and we never stopped so we didn't get any work done unless it was due that week.	7/27/2020 9:12 PM
30	I focused more on the topic because I was more on my own	7/27/2020 9:00 PM
31	Because I didn't understand much but in school I could focus more but idk what it is. And some teachers cough cough* one wouldn't respond to me within two days.	7/27/2020 8:31 PM
32	I think this is because I handed in my work on time	7/27/2020 7:32 PM
33	I think I might've did worse during distance-learning because I found it very difficult to understand the stuff we were learning even though I thought I understood every time I try it I got it wrong and if I tried to get help I couldn't really get it in the time I needed because it would take a while for my teacher To respond to my email.	7/27/2020 7:31 PM
34	Help of friends	7/27/2020 7:29 PM
35	The information that I particularly learned in online learning didn't really stick out/isn't easy to recall as much as the times we were learning normally before the pandemic.	7/27/2020 7:10 PM
36	The work load was not too much and I was able to keep up with everything	7/27/2020 7:09 PM
37	I was able to work at my own pace and by being in my own home I felt more relaxed.	7/27/2020 7:07 PM
38	I was able to learn at my own pace and use my computer a lot for help and as a guide. And it was nice having that one on one time with my mom who was the one helping me sometimes .	7/27/2020 7:04 PM
39	Access to all resources as well as distance from things I'm just not good at, like construction	7/27/2020 6:56 PM
40	Teachers were not their to explain it better like in class in school	7/27/2020 6:23 PM
41	Nothing affected my learning experience to change my academic grades.	7/27/2020 6:02 PM
42	I lost all motivation.	7/27/2020 5:57 PM
43	i didn't have to be around a bunch of people that made me anxious lmao	7/27/2020 5:18 PM
44	I like working by myself which causes me to do better in school and I don't have a distraction all the time	7/27/2020 4:23 PM
45	It was mostly review and we didn't learn much because it was stuff we already did. But at home, there was no one around me to distract me so I would be more focused.	7/27/2020 4:17 PM
46	because we are doing the same thing just not with the teacher in front of us	7/27/2020 2:42 PM
47	Cause things where very different and harder to understand and get used to	7/27/2020 2:23 PM
48	-did not understand all the time directions got confusing - did not have peer help	7/27/2020 2:11 PM
49	Because I was able to focus without getting distracted by other people.	7/27/2020 1:12 PM
50	I think this is because I couldn't find where my work was at so I didn't alway get to hand it tin	7/27/2020 1:08 PM
51	Payed for tutor and less distractions	7/27/2020 1:06 PM
52	I felt that my grades stayed the same because even though we are learning from home, we are still doing the same things that we would have done at school. Of course, there were some days when I thought that there was a lot less work, but then the next assignment we got balanced things out. So, overall even though we weren't in our "normal" environment the things/actions that we were doing were the same.	7/27/2020 12:31 PM
53	I'm a very hands on person, and when I'm in a building I can get that hands on experience, also there's nothing to do except work in a building, so that helps me focus.	7/27/2020 12:28 PM
54	I was already used to working on my own on assignments.	7/27/2020 12:26 PM
55	I didn't keep up well with unified arts during distance learning	7/27/2020 12:01 PM
56	Because he had anxiety made his anxiety better staying home	7/27/2020 11:53 AM
57	It was hard for me to keep focused on computer	7/27/2020 11:50 AM

60	im a hands on learner. it's hard to learn when I'm not being actually taught	7/27/2020 11:19 AM
61	because i got to talk with the teacher more	7/27/2020 11:02 AM
62	Because my grades did nto go up at all (just in one class though) but they also did not go down at all.	7/27/2020 11:01 AM
63	I think because I was less stressed to have things done at a specific time due to the fact that I could work at my own pace. Also, I was able to work the way I wanted weather it was by listening to my music or watching a tv show that helped move along my school work more enjoyably and effectively. As a result I felt less destructed and was able to get assignments done faster and better knowing if I had any problems I could just email my teacher and they would respond right away.	7/27/2020 10:41 AM
64	I don't feel like anything changed	7/27/2020 10:40 AM
65	I think this because I still stuck to a similar schedule that I had during the school year before distance-learning and I feel like I stayed consistent with my work.	7/27/2020 10:28 AM
66	I need more help in person with reading comprehension and math word problems.	7/27/2020 10:27 AM
67	I dont know cuz distant learning sucks	7/27/2020 10:24 AM

71	Because it was harder to do better then I already was.	7/27/2020 10:11 AM
72	I mean I didn't really get any better by distance learning because it was kind of harder then regular school so I think i stayed the same.	7/27/2020 10:10 AM
73	It was simple, do the work posted and hand it in.	7/27/2020 10:06 AM
74	less motivation	7/27/2020 10:03 AM
75	Because I study just as hard and I reached out help when I needed her	7/27/2020 10:02 AM
76	lessons were same as in school	7/27/2020 10:01 AM
77	Because the work we did didn't really change.	7/27/2020 9:51 AM
78	No issues with completing work on time and no extra help needed.	7/27/2020 9:49 AM

92	I don't think my academic performance changed because I was still getting in practice but not really learning anything new.	7/24/2020 12:03 PM
93	Although the time management and motivation was hard I had a whole day or multiple days to do assignments so I got it done sooner or later and the assignments were the same as in the classroom.	7/24/2020 9:47 AM
94	there was no change	7/24/2020 9:05 AM
95	Harder to keep a schedule	7/23/2020 9:35 PM
96	I have to be in school in order to go into learning mode, I can't when I'm at home. There's too many distractions and this is a whole new concept of learning.	7/23/2020 8:29 PM
97	I am a hands on learner so learning online and not in the classroom is very difficult for me to learn and comprehend new things.	7/23/2020 7:28 PM
98	I try hard to make my grades as high as possible, so whether online or in-person, my effort is the same	7/23/2020 6:22 PM
99	In the beginning it was a really big challenge but it started to improve halfway through because I started to find easier ways to do things	7/23/2020 5:10 PM

101	Hard to learn when I needed to learn on my own. Hard to keep up with all of the communications and changes by the teachers to assignments and due dates and feedback.	7/23/2020 2:00 PM

107	I had more distractions at home than at school	7/23/2020 4:13 AM
108	Learning space	7/22/2020 9:45 PM

Summer 2020 School Community Survey-Students

	unlike in school I have to figure it out without the internet	
119	Because I think that we had they same amount of work, but since the teachers weren't always here to explain it all they made it a bit easier and my grades did better	7/22/2020 1:28 PM
120	because i didn't have a teacher with me	7/22/2020 1:24 PM
121	I think I did the same because I just kept doing what I did if I was in school. I tried my best.	7/22/2020 1:08 PM
122	I wasn't persistent with my work	7/22/2020 12:58 PM
123	because there was nothing to enforce learning and i was not in an appropriate learning environment	7/22/2020 12:52 PM
124	I had enough time to get assignments done at my own pace and it wasn't as rushed as it would've been in person. It allowed me to pay attention to greater detail and learn the criteria better.	7/22/2020 12:43 PM
125	I had more time to complete my work.	7/22/2020 11:12 AM
126	I would have learned the same stuff in class regardless.	7/22/2020 11:03 AM
127	because i didn't know what i was doing and i couldn't just raise my hand i had too email a bunch of people just too get back an answer,	7/22/2020 6:31 AM
128	i maintained my work ethic and accountability	7/22/2020 1:28 AM
129	i didn't do shat	7/21/2020 11:09 PM
130	I had no motivation while I was home.	7/21/2020 11:00 PM
131	My academic performance did better in my higher end classes (AP classes). My honors classes and half-year classes had the same result as they would if I was in school. Especially with AP classes, I did just a few grade percentages better due to the fact that at home learning was focused on preparing for our AP exam.	7/21/2020 10:59 PM
132	I think I did better because I had all the resources for my work and depending on the class, some of it was repetitive.	7/21/2020 9:24 PM
133	I honestly think it is because I had nothing better to do then to do my school work. I tend to get pretty good grades in normal school, but they were a bit higher with online schooling. I also think it is because I did not have as much work as I usually do with school. This allowed me to spend more time focusing on the work I was assigned, and therefore doing a better job with it.	7/21/2020 8:00 PM
134	because not as hard of assignments were handed out to the students	7/21/2020 7:41 PM
135	As I stated previously, some subjects were harder to learn than others.	7/21/2020 7:39 PM
136	the work seemed different, and I had to do self learning, which didn't go well for me at all.	7/21/2020 7:11 PM
137	bc my parents helped me with my work	7/21/2020 7:02 PM
138	I usually have a pretty easy time understanding directions just from a worksheet and I rarely ask questions while taking in person classes	7/21/2020 6:15 PM
139	For english it had increased more than what it usally is.	7/21/2020 5:12 PM
140	I need one on one teacher reaction and a learning environment. I was taken away from both	7/21/2020 5:02 PM
141	I felt like I wasn't learning anything and this made it difficult to feel motivated to be able to move forward.	7/21/2020 4:57 PM
142	too unfocused.	7/21/2020 4:18 PM
143	Because I worked a lot harder to get my work in at the time it should of been in	7/21/2020 4:16 PM
144	I had access to the internet at all times	7/21/2020 4:08 PM
145	the environment and lack of information	7/21/2020 3:06 PM
146	It's hard for me to learn when I cannot ask a lot of questions and not getting much feedback. Cooperating with class members in school while learning a new subject also helped, and we cannot do that	7/21/2020 2:51 PM

Summer 2020 School Community Survey-Students

147	It was busy work, I didn't really learn anything.	7/21/2020 2:49 PM
148	i had more time to work on things	7/21/2020 2:47 PM
149	I did my work	7/21/2020 2:33 PM
150	because there was more time to complete around the same amount of work	7/21/2020 2:31 PM
151	Because it gave me more responsibilities	7/21/2020 2:27 PM
152	Because I wasn't motivated	7/21/2020 2:15 PM
153	I've always wanted to homeschool, I have a lot of anxiety and paranoia so when Im in school I am constantly distracted by those factors... At home i was free and completely comfortable. I was also able to work at my own pace.	7/21/2020 2:03 PM
154	It was all paperwork	7/21/2020 1:59 PM
155	I don't really know	7/21/2020 1:51 PM
156	Instruction less clear and studying less required in home environment	7/21/2020 1:45 PM
157	Because the work was lighter and easier	7/21/2020 1:43 PM
158	I don't like doing learning from home	7/21/2020 1:42 PM
159	Most of my classes operated with notebook/pencil except APES which was primarily online. The classes that operated with notes and discussion had a difficult and abrupt transition, at least for me, since I like to constantly engage in conversation. My grades for the most part stayed the same, but my AP scores took a downgrade compared to my scores last year. Sure, they were different subjects, but I feel that if the AP tests stayed the same, then I would have scored higher.	7/21/2020 1:42 PM
160	I think I worked as hard as I would if I was still in school and my grades kinda stayed the same throughout the distance learning.	7/21/2020 1:38 PM
161	Couldn't communicate to teachers as easily	7/21/2020 1:36 PM
162	I knew when stuff was due	7/21/2020 1:36 PM
163	i was doing all the work but i wasn't learning and retaining information like i would've been in the classroom	7/21/2020 1:33 PM
164	certain assignments were easier and I could email the teacher if I had double on the quiz or things like that. Also completing bigger projects were easier as I was in the comfort of my own home and able to take breaks to stretch and drink.	7/21/2020 1:30 PM
165	It's harder to learn from a computer for me and my teachers didn't follow through with my education plans with the school	7/21/2020 1:30 PM
166	certain classes like math are harder to learn outside of the classroom	7/21/2020 1:26 PM
167	Didn't want to do work bc I knew I had so much everyday and it was stressful	7/21/2020 1:26 PM
168	Because of what's in question 16	7/21/2020 1:24 PM
169	There were no outside distractions and I was not worried how my performance was matching up to my peers I was just trying my best.	7/21/2020 1:21 PM
170	Well for me I don't usually have trouble learning new things. It got complicated every once in a while, but it was good nonetheless.	7/21/2020 1:19 PM
171	As previously stated, I had no motivation to do anything. There were also no repercussions for not doing anything do to the fact that you guys can't do anything if we're home.	7/21/2020 1:18 PM
172	I believe I learn on my own and having a teacher there or not didn't matter because if I needed help I would email them or search up a video to help me	7/21/2020 1:17 PM
173	Most assignments were graded on completion rather than accuracy	7/21/2020 1:16 PM
174	I think I did better because I could do things at my own pace.	7/21/2020 1:15 PM
175	Because I am a flexible person and I was able to adapt quickly.	7/21/2020 1:10 PM

Summer 2020 School Community Survey-Students

176	I was able to work at my pace and I was able to take more breaks and I found it better for me as a learner to find the information on my own	7/21/2020 1:06 PM
177	i am fairly independent and it was easy for me to adapt to the new schedule	7/21/2020 1:03 PM
178	The work wasn't overbearing so it gave me time to figure things out if i didn't understand something.	7/21/2020 1:03 PM
179	I have anxiety with classroom things or things being incorporated during school in person. For example presentations. I also like working alone more than working with other people. I also did not like the anxiety I get when working in school like if someone is working faster than me or hands something in faster. At home I could focus on myself. Another thing is that I'm a busy person with soccer and track and school and all that. I would barely get any sleep because I got home late from being out all day and practice and do HOURS of homework and then have to eat and shower and blah blah. I would get like 3-4 hours of sleep and have to do it the next day. With this quick change in my life I missed the structure of having to do all of those things but I cannot even explain how less stressed I was during online school. Even though we were doing less work it literally felt like a vacation.	7/21/2020 1:03 PM
180	I'm not learning or being taught things it's just assign work, turn it in.	7/21/2020 1:00 PM
181	With some classes I did better since I'm good at figuring things out. But in some classes I did worse just simply because that subject is hard for me to understand	7/21/2020 1:00 PM
182	To clarify the previous question I did about the same for most of my classes but some were higher then previous quarters. Probably because I did not have as many distractions as I do when in a classroom, I could control the noise level of the space I was working in and I was able to listen to music which helps me focus.	7/21/2020 1:00 PM
183	I honestly don't know	7/21/2020 12:59 PM
184	Work was easier	7/21/2020 12:53 PM
185	I still learned the things that I needed to learn in that year, it was just more of me figuring it on my own which isn't that hard at times.y	7/21/2020 12:53 PM
186	I had more time to finish the class work but even though my grades were better I don't really feel like I retained a lot from the assignments I had to complete during distance learning.	7/21/2020 12:51 PM
187	More time	7/21/2020 12:51 PM
188	Some assignments were easier while others weren't, it depended on the class.	7/21/2020 12:50 PM
189	I was able to understand the material in school and online.	7/21/2020 12:46 PM
190	It did slightly worse in some subjects, better in others... I'm a very in class learner, hand on, so some classes, which were heavily based on asking questions and understanding topics became very hard, other classes became easier, because I was able to have more access to resources online	7/21/2020 12:45 PM
191	I'm an independent learner to begin so doing things by myself wasn't a challenge.	7/21/2020 12:43 PM
192	some of my teachers didn't really teach me in school so it wasn't much of a difference during distance learning	7/21/2020 12:41 PM
193	It was harder for me to understand because I didn't get the help I needed	7/21/2020 12:39 PM
194	My math did worse, but every other grade went up because there was no distractions in my home. It is challenging for me to learn a new subject of math at home without and video calls	7/21/2020 12:39 PM
195	The sudden change in circumstances and having to change habits	7/21/2020 12:38 PM
196	I felt like I had to teach myself a lot of the things we were learning in my classes.	7/21/2020 12:38 PM
197	I had a comfortable environment where I could adapt to what I like rather than having distractions and losing focus	7/21/2020 12:37 PM
198	Some subjects are just better to learn in class because that interaction with the class and teacher is extremely helpful	7/21/2020 12:36 PM
199	I mean, I don't really have much of a base being that I had transferred, but I think I did better	7/21/2020 12:36 PM

Summer 2020 School Community Survey-Students

	because everything was very easy for me.	
200	I don't know	7/21/2020 12:36 PM
201	i do better at school	7/21/2020 12:34 PM
202	i improved my english grade	7/21/2020 12:34 PM
203	Not sure	7/21/2020 12:33 PM
204	i couldn't manage all the work and i couldn't ask for help as easily hard for me understand stuff	7/21/2020 12:33 PM
205	Some classes I did well in others I didn't due to excess of work and confusion on what to do.	7/21/2020 12:33 PM
206	i worked at my own pace	7/21/2020 12:31 PM
207	There are a lot more resources available than in school. In school we don't always have the option to look something up immediately if we don't understand it, but during distance learning we did. Similarly, there was more time to complete assignments and there were less outside distractions (sports, hobbies, extracurriculars)	7/21/2020 10:04 AM
208	i kept the same effort, but i somehow was able to complete work quicker. most likely because im alone in my room doing work.	7/21/2020 9:55 AM
209	I was able to get my work done easily because I was focused and comfortable at home.	7/21/2020 8:48 AM
210	I am not really sure, I didn't hear back from my teacher on how I did on some of the things that I had to do.	7/21/2020 7:19 AM
211	My grades were even	7/20/2020 10:47 PM
212	because i was able to ask questions whenever without the anxiety of asking in person. and it was more independent	7/20/2020 10:25 PM
213	Because I think I need a teacher in front of me telling me the directions.	7/20/2020 10:11 PM
214	No drama	7/20/2020 9:48 PM
215	It didn't really help me but it didn't make me do any worse.	7/20/2020 9:43 PM
216	Na	7/20/2020 9:30 PM
217	Our teachers supplied us with everything that we needed for each day of learning.	7/20/2020 9:20 PM
218	I had the same amount of work and I was able to ask the teachers for questions and ask other students	7/20/2020 8:21 PM
219	I wouldn't know because I got the same grades last semester so I wouldn't know if I did better or worse this semester	7/20/2020 8:19 PM
220	Because I pay attention in class and at home	7/20/2020 8:02 PM
221	Question 19	7/20/2020 7:58 PM
222	I didn't get as nervous about presenting or forgetting stuff.	7/20/2020 7:43 PM
223	Don't know	7/20/2020 5:50 PM
224	I just need to hands on learn	7/20/2020 2:26 PM
225	I dont really know i just felt i did worse	7/20/2020 2:11 PM
226	Because it still felt like school to me and no of the specs other than socially interacting changed.	7/20/2020 11:20 AM
227	I can't concentrate in school environment because i don't feel comfortable. I'd rather be at home where i'm comfortable and can do things the way i'm comfortable.	7/20/2020 10:52 AM
228	There wasn't enough new material to change my grade	7/19/2020 11:44 PM
229	Could not complete work on time	7/19/2020 11:35 PM
230	It is because I tried my best to produce to same level of work and I put in the extra work to understand how learning would be from that point on.	7/19/2020 9:54 PM

Summer 2020 School Community Survey-Students

231	I have not done any practice and so I forgot everything that was so easy before the distance learning.	7/19/2020 9:02 PM
232	It was hard to make a schedule to do work.	7/19/2020 7:02 PM
233	- Because I put equal effort in learning and completing my assignments in school and at home. - Even in school most of the work is done online.	7/19/2020 6:25 PM
234	I think this is because I payed the same amount of attention and got my work in on time and finished all of the assignments, just like I had before distance learning.	7/19/2020 4:17 PM
235	I think this because I learned just as much as I did when I was in the building, with the exception of the in person experience.	7/19/2020 4:01 PM
236	Because it was new, and teachers didn't care.	7/19/2020 12:38 PM
237	Due to the relaxed setting of being home	7/19/2020 11:37 AM
238	We needed more review on assignments	7/19/2020 9:50 AM
239	I get mostly A's and A+, so I couldn't really improve much.	7/19/2020 9:02 AM
240	Because they went extraordinarily easy on us.	7/19/2020 8:37 AM
241	because i didn't have as many students distracting me or people giving me the right answers i actually had to learn by myself	7/19/2020 2:11 AM
242	i usually did good in school and this had no significant effect on how good i did	7/19/2020 1:22 AM
243	I had more time with some assessment	7/19/2020 12:43 AM
244	I wouldn't get updates on google classroom for work that needed to be done. And the work was just work not learning it was blah to do. I didn't care about my grade. Work wasn't hard just time consuming	7/18/2020 11:29 PM
245	Because I didn't have to wait for my class and I had no outside distractions	7/18/2020 9:32 PM
246	I had more then 45 minutes to complete a assignment for each class.	7/18/2020 9:24 PM
247	Not having an in-person learning experience.	7/18/2020 8:06 PM
248	Better, because I was in a more comfortable position in my room	7/18/2020 7:43 PM
249	i was less motivated to do work	7/18/2020 7:30 PM
250	More focused because no one was around to distract me	7/18/2020 7:14 PM
251	I didn't really learn that much more.	7/18/2020 6:46 PM
252	My grades all stayed above a 95 which was my lowest grade when I was in school.	7/18/2020 6:08 PM
253	I don't usually have problems academically at school	7/18/2020 6:06 PM
254	I think it stayed the same becасue I am a very hard worker and I liked having as much time needed in a day to finish assignments. It was a little bit of a releif knowing that some of my assignments were not due at the end of the period.	7/18/2020 5:55 PM
255	My mom helped keep me on track but she was working too.	7/18/2020 5:37 PM
256	more independence	7/18/2020 5:24 PM
257	I don't like distance learning.	7/18/2020 1:57 PM
258	I did my work	7/18/2020 1:36 PM
259	IDK	7/18/2020 10:46 AM
260	most of the things I did not get so I had to figure out my own way.	7/18/2020 10:15 AM
261	Because I did my work the best I could	7/18/2020 9:56 AM
262	Although being in school would have been better, I still tried my best and got the smarts for 4th grade that I needed.	7/18/2020 9:13 AM

Summer 2020 School Community Survey-Students

263	I think that this is because the difficulty of the work did not changed only the amount of worked changed.	7/17/2020 10:32 PM
264	Tests were much less often, I was ready to do my work, and at times I would just get it all done	7/17/2020 10:15 PM
265	as mentioned before, a lack of consistency from class to class made it difficult to adjust.	7/17/2020 10:04 PM
266	Because I wasn't being pressured to socialize and do group work	7/17/2020 9:58 PM
267	I was able to maintain good grades as I did in school.	7/17/2020 9:53 PM
268	I was able to learn at the pace I felt was right for me.	7/17/2020 9:46 PM
269	I consistently work hard all the time.	7/17/2020 9:40 PM
270	i just had a harder time understanding what we were learning	7/17/2020 9:16 PM
271	I wish I was able to do better in Math, I feel I had to learn must things on my own and with the help of my parents. I wish more help was given by our teacher.	7/17/2020 9:11 PM
272	Harder to do assignments on the computer than on paper.	7/17/2020 8:51 PM
273	I was able to learn at my own pace, and I was able to work more on something if I needed help	7/17/2020 8:37 PM
274	I think this because it was only me in a room so i could focus	7/17/2020 8:30 PM
275	Mostly stuff was a review	7/17/2020 8:00 PM
276	Because to me it is not much diffrent from real person to person school.	7/17/2020 7:56 PM
277	I was able to get more sleep, and I was more comfortable with my surroundings.	7/17/2020 7:53 PM
278	My grades went up from last time.	7/17/2020 7:48 PM
279	While some of my grades increased I still had to work harder than ever to get my work accomplished and do well.	7/17/2020 7:42 PM
280	I set myself up with a schedule and I followed it. My mom helped teach me whenever I needed help.	7/17/2020 7:41 PM
281	Because we were doing what we would have of been doing in class	7/17/2020 7:38 PM
282	My grades stayed the same.	7/17/2020 7:32 PM
283	I worked hard when I was physically in school and I continued to work really hard while I was learning through distance learning. I woke up early, did all of my work, attended my class/group Google meets and read my teachers notes and emails he sent me back about my work.	7/17/2020 7:29 PM
284	Didn't have face to face learning and support	7/17/2020 7:27 PM
285	I focused better without other students around me	7/17/2020 7:26 PM
286	Because my teacher gave me assignments on things I had never done before with no instructions and when asked for help no response and the feedback was always great job but my report card said other	7/17/2020 7:18 PM
287	Less distractions	7/17/2020 7:17 PM
288	The work was about the same difficulty at home and at school.	7/17/2020 7:05 PM
289	I think this because my experience with distance learning was not as good as school and we were doing lots of stuff that was just too easy for me or just something we have already learned somewhere.	7/17/2020 7:04 PM
290	I'm better doing work on my own then with other people surrounding and therefore distracting me.	7/17/2020 7:03 PM
291	It was hard	7/17/2020 7:02 PM
292	Most classes use google classroom primarily regardless	7/17/2020 6:53 PM
293	There wasn't a lot of communication with the teachers	7/17/2020 6:48 PM

Summer 2020 School Community Survey-Students

294	I'm not sure	7/17/2020 6:39 PM
295	I could focus better. I wasn't bored	7/17/2020 6:31 PM
296	Because I wasn't seeing teachers face to face	7/17/2020 6:09 PM
297	I had help from my parents which felt like my teacher helping me.	7/17/2020 6:01 PM
298	For some classes the workload became easier whereas for others the workload became harder to comprehend, and I think that's mainly just a personal problem with the material.	7/17/2020 6:01 PM
299	I could learn my own way and that allowed me to understand better.	7/17/2020 5:58 PM
300	I got better grades.	7/17/2020 5:49 PM
301	No motivation	7/17/2020 5:47 PM
302	I paid attention more, I felt more comfortable being by myself learning and not worrying what other people think.	7/17/2020 5:43 PM
303	I guess having my parents at home monitoring my study and keeping me focus while I do my work helped, and I got to take timeout after each assignment to play and eat made it easier.	7/17/2020 5:41 PM
304	less distraction	7/17/2020 5:18 PM
305	Some teacher made it difficult and didn't even care.	7/17/2020 5:13 PM
306	I was able to work at my own pace because assignments were spread out over a couple days	7/17/2020 5:04 PM

3	My PowerSchool, they stayed the same because I still struggle with some classes and do better in other classes.	7/29/2020 9:38 PM
4	Besides grades, I know that my academic performance stayed the same because the comments/feedback I got back from my teachers during distance learning was consistent with the comments/feedback I got from my teachers during in-person school.	7/29/2020 7:58 PM
5	Worse because I didn't learn anything	7/29/2020 7:08 PM
6	There wasn't really a difference in my learning style, the only change for me was I had no teacher.	7/29/2020 3:14 PM

9	I know my performance was better because my grades for the last quarter were higher than they were when in school	7/29/2020 1:59 AM
10	By the grades I got and just the feeling I have... I was more relaxed in my own surroundings.	7/28/2020 11:48 PM
11	I know my academic performance stayed the same during distance learning because I turned everything in on time, did all of my work, and was still learning the content, but it was still harder to learn at home versus in school.	7/28/2020 9:16 PM
12	Because I know the stuff I know	7/28/2020 8:32 PM
13	I know my performance stayed the same because I didn't really learn a lot of new stuff and I stayed on the same level.	7/28/2020 8:16 PM
14	Worse	7/28/2020 7:54 PM
15	Stayed the same because when in school or not I understand something but some other topics I did not understand	7/28/2020 7:08 PM
16	Stayed the same	7/28/2020 6:44 PM
17	I knew this because of how challenging it was to complete something or if i needed to ask a teacher for guidance.	7/28/2020 6:22 PM
18	When I checked the grades on PowerSchool my grade was a little lower or a little higher. I also checked when we needed to do the form for the fourth quarter grading.	7/28/2020 6:21 PM
19	On my tests I was getting the same scores I was getting before we started distance learning. The ways I answered questions never changed.	7/28/2020 3:29 PM

21	I felt like I understood the work better.	7/28/2020 12:30 PM
22	I understood a lot more and got work done faster.	7/28/2020 11:35 AM
23	I knew that because I did all the work the same way I would do it in class.	7/28/2020 10:05 AM
24	It pretty much stayed the same I did my work and went to all of the meetings.	7/28/2020 9:25 AM

48	I felt like I don't change that much academically	7/27/2020 2:23 PM
49	- worse	7/27/2020 2:11 PM
50	My gpa went up.	7/27/2020 1:12 PM
51	Academically I think I improved	7/27/2020 1:08 PM
52	Better cause of work differenece	7/27/2020 1:06 PM

129	No motivation.	7/21/2020 11:00 PM
130	I knew that my academic performance was the same because it was an adjustment for all of us. Teachers gave just the right amount of work that it didn't take all day, but also was not done in a matter of minutes. For the most part, I even still had tests and quizzes that needed to be completed. I am typically on A to an A+ student, and this did not change during online learning. As students, we needed to adapt to the situation and not change our typical work ethic just because we were at home.	7/21/2020 10:59 PM

136	stayed the same	7/21/2020 7:02 PM
137	It took me the same amount of time to complete assignments that it usually would	7/21/2020 6:15 PM
138	It felt more easy but not much I did had a challenge but I still did my best for it.	7/21/2020 5:12 PM

149	there was a lot less work to be done with the same amount of effort that i would usually put in	7/21/2020 2:31 PM
150	Better because you have more recourses and the teachers were giving a little easier the works.	7/21/2020 2:27 PM
151	Because ny grades dropped	7/21/2020 2:15 PM
152	100% Better, I learned and retained more knowledge than I did when in school.	7/21/2020 2:03 PM
153	If you asked me what I learned academically speaking over quarantine, I could barely tell you	7/21/2020 1:59 PM
154	Definetly stayed the same	7/21/2020 1:51 PM
155	Worse due to knowledge deterioration and being unable to recall information from the start of the year.	7/21/2020 1:45 PM
156	I got my work done more efficiently	7/21/2020 1:43 PM
157	I feel like I retained no information during quarantine. I was just doing the assignments for the grade, but I was never actually learning anything whereas during classroom discussions, I	7/21/2020 1:42 PM

would soak everything in and memorize it for the test or quiz.

158	I submitted assignments on time and did as much as I could for all my classes.	7/21/2020 1:38 PM
159	I couldn't understand the new things	7/21/2020 1:36 PM
160	Because you had more flexibility and i could learn when i wanted and that made it easier to focus.	7/21/2020 1:36 PM
161	by not retaining the information and not knowing what things we were learning about	7/21/2020 1:33 PM
162	I could understand some of the material more	7/21/2020 1:30 PM
163	I did the same	7/21/2020 1:30 PM
164	had difficulties understanding	7/21/2020 1:26 PM
165	Ditto	7/21/2020 1:24 PM
166	I was understanding more of the material and felt that I would then be able to retain it for longer periods of time.	7/21/2020 1:21 PM
167	I put in the same amount of effort and I got around the same place in my scoring for assignments and tests.	7/21/2020 1:19 PM
168	Better/ stayed the same for some classes	7/21/2020 1:18 PM
169	It was pretty much just the grades.	7/21/2020 1:18 PM
170	I never received my grades	7/21/2020 1:17 PM
171	I stayed on top of my work	7/21/2020 1:16 PM
172	When I understood the content	7/21/2020 1:15 PM
173	It felt like regular school just on a computer the whole time. Nothing was drastically different in the workload or difficulty of the work.	7/21/2020 1:10 PM
174	I felt like I could learn at my pace and do my work on my own time which helping me do better	7/21/2020 1:06 PM
175	i had the same understanding of the course material and retained the knowledge successfully	7/21/2020 1:03 PM
176	Some classes i did a little better because I got the time to understand concepts and take the time to really learn the material. Most classes stayed the same as well.	7/21/2020 1:03 PM
177	I don't really know how to answer this question. But if I had to, an example I would use is like my APUSH class. On top of my grades being better I just felt like I was retaining the information more that I was less stressed. It was very stressful preparing for the AP exam (having to write the DBQ in 45 mins) but it was better than having to do it in school for me personally. I got a 4 on the exam but who knows what I would have got if If circumstances were normal and I had all these other things to worry about.	7/21/2020 1:03 PM
178	Because I learn absolutely nothing	7/21/2020 1:00 PM
179	I liked that I got to do the work on my time and didn't need to rush through some of my assignments	7/21/2020 1:00 PM
180	It stayed the same because my grades stayed the same	7/21/2020 12:59 PM
181	Idk	7/21/2020 12:53 PM
182	It stayed the same because I didn't struggle with the knowledge that I had to learn.	7/21/2020 12:53 PM
183	It was better based on the fact that I had more time to complete the assignments and could go off my own schedule.	7/21/2020 12:51 PM
184	Better	7/21/2020 12:51 PM
185	I got my work done much quicker.	7/21/2020 12:50 PM
186	Stayed the same.	7/21/2020 12:46 PM
187	Because I wound up struggling more with classes I did super well in, and saw some grades well below my usual average (say in CADD II, I usually score a 90-95 average on every	7/21/2020 12:45 PM

	assignment, I saw grades drop to 60-80 for a while, then started getting used to it)	
188	other than some difficulties i felt the same frustration and confusion i did during school thst i did in distance learning so i just used the same strategies to teach myself	7/21/2020 12:41 PM
189	Worse	7/21/2020 12:39 PM

191	took longer to do tasks	7/21/2020 12:38 PM

193	I understand the material better when I can adapt a way of learning it that I understand	7/21/2020 12:37 PM
194	My academic performance stayed the same but my learning in general for a couple classes did worse	7/21/2020 12:36 PM
195	I know it was better because I was able to complete majority of the work without an issue.	7/21/2020 12:36 PM
196	I did the same amount of work	7/21/2020 12:36 PM
197	worse because my q4 grades were than all the quarters	7/21/2020 12:34 PM
198	the amount of effort i put in	7/21/2020 12:34 PM
199	Completed more work	7/21/2020 12:33 PM
200	worse	7/21/2020 12:33 PM
201	I think it was better in completion but worse in quality. I was assigned so much work that it was hard to keep up at times.	7/21/2020 12:33 PM
202	I was given more time to think through assignments without feeling rushed to complete them. I was also able to do more independent research on a topic as I did the work, which isn't something we commonly did in school.	7/21/2020 10:04 AM
203	i finished quicker.	7/21/2020 9:55 AM
204	Because I kept getting really good grades and understood the stuff I was learning.	7/21/2020 8:48 AM
205	I am not really sure, I didn't hear back from my teacher on how I did on some of the things that I had to do.	7/21/2020 7:19 AM
206	I would have felt if I was struggling or exceeding and if felt in between	7/20/2020 10:47 PM

209	Better	7/20/2020 9:48 PM
210	I understood things just as much as I did before distance learning.	7/20/2020 9:43 PM
211	Stayed because I was able to complete the same amount of assignments	7/20/2020 9:30 PM
212	The work didn't seem that much harder or easier than it did when we were in school.	7/20/2020 9:20 PM
213	I was able to see if I missed any assignments and was easily able to ask a teacher if I could make it up which made it much easier	7/20/2020 8:21 PM
214	I don't	7/20/2020 8:19 PM
215	Feedback from the teacher.	7/20/2020 8:02 PM
216	Better because I could work at my own pace and not have to be done with something in one hour	7/20/2020 7:58 PM
217	I didn't turn nearly as many assignments in late as before.	7/20/2020 7:43 PM
218	Don't know	7/20/2020 5:50 PM
219	Because I learned nothing	7/20/2020 2:26 PM
220	I missed some assingments	7/20/2020 2:11 PM

221	I progressed the same as if school were normal	7/20/2020 11:20 AM
222	Because i get in trouble i school for no reason. I get in trouble just for being friends with someone and it's ridiculous. Bring at home i actually had the time to study and learn without teachers targeting me.	7/20/2020 10:52 AM
223	It was mostly review stuff or stuff we already knew	7/19/2020 11:44 PM
224	I did not complete everything	7/19/2020 11:35 PM
225	I know it stayed the same because I believe that the quality of my work stayed the same. Additionally, by putting in extra effort at the beginning of the quarter I was able to understand how distance learning would be.	7/19/2020 9:54 PM
226	I would do my work to get ready for middle school, and I would not know how to do the work and I would have to ask my mom and dad about the easy things (Large division, etc..).	7/19/2020 9:02 PM
227	I had more late assignments.	7/19/2020 7:02 PM
228	It stayed the same because I always completed my assignments in time and put a lot of effort in my work both in school and out of school.	7/19/2020 6:25 PM
229	I know my academic performance was the same because I always tried my best and finished work in time just like I had before.	7/19/2020 4:17 PM

238	Because I wasn't learning things. Just doing work	7/18/2020 11:29 PM
239	Because my grades were the same	7/18/2020 9:32 PM
240	I got good feedback on work.	7/18/2020 9:24 PM
241	My grades were better, however that is because teachers were more lenient and in general graded based purely on participation/effort.	7/18/2020 8:06 PM
242	I don't know	7/18/2020 7:43 PM
243	it was hard to learn without direct contact or being able to talk right to teachers and ask for help from them	7/18/2020 7:30 PM
244	I got things done	7/18/2020 7:14 PM
245	There want much of a challenge.	7/18/2020 6:46 PM
246	It stayed the same because I got all the good feedback that I got before.	7/18/2020 6:08 PM
247	Because my grades didn't change	7/18/2020 6:06 PM
248	Stayed the same but liked that we had the whole day to finish assignments.	7/18/2020 5:55 PM
249	It was my grades	7/18/2020 5:37 PM
250	teacher feedback...	7/18/2020 5:24 PM

258	I think is stayed the same	7/17/2020 10:32 PM
259	I fee that my academic performance(my grades) improved but it was a lot harder to learn stuff and I forgot things much easier	7/17/2020 10:15 PM
260	AP scores, less retention of late-year material	7/17/2020 10:04 PM

68	do not do distance learning	7/27/2020 10:15 AM
69	Don't send 40 minute videos because realistically nobody will watch through it all.	7/27/2020 10:11 AM
70	A suggestion that I have that will improve distance learning is to maybe have the teachers record videos of themselves with the instructions because when they just write it down it's harder to understand.	7/27/2020 10:10 AM
71	Keep the schedule of having students do the work when they can up to 2:00	7/27/2020 10:06 AM
72	get more engaging	7/27/2020 10:03 AM
73	Longer time with the teachers	7/27/2020 10:02 AM
74	more live lessons	7/27/2020 10:01 AM
75	Not so much homework that it take hours to compete at times	7/27/2020 9:57 AM

78	More time for assignments and more live or recorded lessons	7/27/2020 9:49 AM
79	maybe being able to see my teacher live if we had to do distance learning and I hope we dont	7/27/2020 9:49 AM
80	to give us a schedule	7/27/2020 9:36 AM
81	More participation by teachers	7/27/2020 9:31 AM
82	Group children by academic performance.	7/27/2020 9:24 AM
83	Put kids in groups about their academic learning	7/27/2020 9:24 AM
84	Stop!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! Giving us a a lot of dumb work Rip pop smoke	7/25/2020 9:12 PM
85	For teachers to not load up a bunch of work and to also keep in mind that distance learning is not that easy for us students	7/24/2020 2:35 PM
86	I think that we should have 15 minute zoom meetings for each class so that we can get instructions from the teachers and keep a in school feeling.	7/24/2020 1:52 PM
87	More organization and in depth explanations	7/24/2020 1:26 PM
88	Online classes and sign ups for one on one time	7/24/2020 12:53 PM
89	I think the distance learning experience should resemble the normal school day. I also think cameras should be required during google meets.	7/24/2020 12:03 PM
90	More often zoom meetings where all students actually talk because nobody talked during the meetings other than teachers	7/24/2020 9:47 AM

94	Not to do it	7/23/2020 7:28 PM
95	More lectures	7/23/2020 6:22 PM
96	Teachers assigning less work or giving us more time to complete it in	7/23/2020 5:10 PM
97	Not too much work	7/23/2020 3:36 PM
98	Teachers should organize the work better with other teachers so assignments aren't all due on the same day	7/23/2020 2:00 PM

99	I think taking advantage of meetings for lessons could be very beneficial. It is hard to get used to at first but it helps me understand material by being able to ask questions and get an answer right away	7/23/2020 1:24 PM
100	no idea	7/23/2020 12:14 PM
101	Being on a meeting all day from our homes.	7/23/2020 10:54 AM
102	I wish that the google meet didn't freeze. It was glitchy and sometimes I couldn't hear my teacher. I also wish that we didn't have to do 20 minutes of khan academy math every day because it was a lot and it was overwhelming.	7/23/2020 8:25 AM
103	less work in one day	7/23/2020 4:13 AM
104	One assignment a week from each class due on one day.	7/22/2020 9:45 PM
105	Na	7/22/2020 9:36 PM
106	Understand that this is an extremely difficult time for us students too so please don't bombard us with work and stress us out even more.	7/22/2020 5:11 PM
107	having the teachers do one mandatory google meet on monday on their assigned times to go over what will be asked of their students for the week and then have google meets to check in for kids who have questions.	7/22/2020 5:10 PM
108	In my opinion, it can't be fixed. Its just bad... we might as well not have any school because even though I can't speak for everyone, a lot of people learned nothing over quarantine. (No Offense)	7/22/2020 4:25 PM
109	make it not mandatory	7/22/2020 3:34 PM
110	More communication between teachers and students	7/22/2020 3:03 PM
111	to post of the classwork page because it sorts the lesson out and you can name each lesson.	7/22/2020 2:48 PM
112	More live classes.	7/22/2020 2:40 PM
113	Continue to do google meets so we have a teacher we could talk to and ask questions to	7/22/2020 1:37 PM

119	More one on one time between the teacher and the student for whoever needs help or is having trouble with the lesson.	7/22/2020 12:43 PM
120	I loved when my teachers would do recordings.	7/22/2020 11:12 AM
121	As s it stands i have no suggestion.	7/22/2020 11:03 AM
122	let's not have so much work too finish in a very little amount of time	7/22/2020 6:31 AM
123	having designated schedules so that no one falls behind	7/22/2020 1:28 AM
124	nothing	7/21/2020 11:09 PM
125	nothing	7/21/2020 11:00 PM
126	A suggestion would be to have projects be counted as test/quiz grades, rather than actually having students complete a test or quiz. Online learning is different for every student, just as in-person learning is. By having projects at the end of each unit in addition to classwork, this might help students not feel so lost when it comes to needing to take a test or quiz via online learning.	7/21/2020 10:59 PM
127	I would really like more Zoom meetings to talk about what we are learning.	7/21/2020 9:24 PM

128	Teachers making a calendar of everything due and when. Yes, google classroom does tell you and give you reminders. But when there are so many assignments it is difficult to keep track of everything. This is why I made my own calendar. But I think it would be helpful if teachers did this as well.	7/21/2020 8:00 PM
129	to have more of a schedule and have the teachers be with the students more kinda like zoom	7/21/2020 7:41 PM
130	I feel like there could've been more live meetings	7/21/2020 7:39 PM

132	that the teacher to teach the work that has to be done	7/21/2020 7:02 PM
133	Incorporate more partner or group work	7/21/2020 6:15 PM
134	To extend due dates sometimes because there are some cases when you need more time to do the work.	7/21/2020 5:12 PM
135	Less work. Not rushing into topics and making sure everyone understands the lesson.	7/21/2020 5:02 PM

150	Nothing	7/21/2020 1:51 PM
151	Give the students and teachers both time to assign work and complete assignments due to stressful times.	7/21/2020 1:45 PM
152	A little more communication/interaction with teachers in case students need it	7/21/2020 1:43 PM
153	Not so much for high/middle school since teachers can post assignments and we'll do it when we can, but for elementary school, I would suggest making the teachers primarily teach through zoom or livestream. These children need to learn the basics like the alphabet, standard math, and to learn how to read. I don't think that only assigning work over classroom will help the children learn. I would suggest the district focus on the elementary schools because this is the phase that is the foundation of our education, so it would suck if the kids weren't able to properly learn the basics.	7/21/2020 1:42 PM
154	I think everything was good the way it was.	7/21/2020 1:38 PM

#	RESPONSES	DATE
1	COVID-19	7/29/2020 10:35 PM
2	having to wear a mask all the time. I don't like wearing them that much.	7/29/2020 9:48 PM
3	People getting sick, dont want to bring it home to family.	7/29/2020 9:38 PM
4	I am most worried about students not following the new rules and guidelines. In fact, I think that there will consistently be students who do not adhere to the new rules putting everyone's health at stake. Furthermore, compared to other schools, I feel that SHS is relatively small. I am worried that social distancing will not be a feasible option with a normal return to school. Lastly, I am worried about the concept of cohorts. Unlike the elementary schools and middle school, the high school had a lot of mixed classes. I do not see how cohorts can really exist at the high school level.	7/29/2020 7:58 PM
5	Idk	7/29/2020 7:08 PM
6	The sports seasons being cancelled, as it's a big part of my life. More importantly volleyball being cancelled.	7/29/2020 3:14 PM

28	Having it close again	7/27/2020 9:28 PM
29	That some kids would get the covid-19 and then have to stay home for homeschooling. I do not think that we should reopen schools because all kids don't want to wear masks all day and	7/27/2020 9:12 PM

Summer 2020 School Community Survey-Students

I know for a fact that some kids are going to disobey the rules and take their masks off their mouths, but keep it on their chins. the kids would also complain that it is too hot for masks.

69	As someone who is transitioning up to high school, I do not feel at all prepared for such a big change. This is already difficult in normal circumstances, but I am worried about not only a new school but all of the new rules, regulations, and procedures that will be in place. I hope everything will be well explained to the parents and students when we do reopen	7/27/2020 10:16 AM
70	i am only worried that school won't reopen	7/27/2020 10:15 AM

74	lunch	7/27/2020 10:03 AM
75	Me getting sick because you guys don't want to keep kids home and help them stay healthy. Why should kids stay in one class all day with masks on and do gym and kids all sweaty and they are going to get heat sick or pass out feeling. There is no point of going to school when we could stay home and do it like we did it last year.	7/27/2020 10:02 AM

81	not being able to hug or be close to my friends	7/27/2020 9:49 AM
82	Everything being different and freaking out	7/27/2020 9:39 AM
83	having to get tested	7/27/2020 9:36 AM
84	I will be a freshman and I'm sad that I will not get to participate in sports and other extracurricular activities	7/27/2020 9:31 AM

93	Kids who are less responsible and won't wear a mask or won't follow guidelines.	7/24/2020 9:47 AM

95	Being isolated and overwhelmed	7/23/2020 9:35 PM
96	Someone catching COVID and having the school close down again	7/23/2020 8:29 PM
97	Not really worried, other then being placed in a group of students I have to stay with all day every day, in which I have no friends that would make me uncomfortable and make it not enjoyable.	7/23/2020 7:28 PM
98	School being so boring with friends and teachers 6 feet apart and with all of the restrictions that students would just feel better if they stayed home	7/23/2020 6:22 PM
99	The quality of the education	7/23/2020 5:10 PM
100	The Possible spread	7/23/2020 3:36 PM
101	Kids not caring and not following the rules to keep us all safe If we are separated into smaller groups of students, I hope that I am with at least someone I know	7/23/2020 2:00 PM
102	I'm honestly just worried about the grouping- if this has to happen I think I'd have a really hard time. I greatly rely on my friends to be able to get through the day and I think by taking this aspect of school away from students could be detrimental to mine and others mental health.	7/23/2020 1:24 PM
103	someone contracts covid-19	7/23/2020 12:14 PM
104	Uplift in cases and having to go back on lock down. Also kids with special needs not capable of wearing masks or social distancing.	7/23/2020 10:54 AM
105	The Covid-19 spreading, if it is in the school.	7/23/2020 10:45 AM
106	I'm afraid that some of the kids are not going to follow the rules of wearing masks and being 6 feet away from others. Because I feel like some kids are going to forget them or not want to wear them.	7/23/2020 8:25 AM
107	people being wreckless and not being clean	7/23/2020 4:13 AM
108	More cases of covid 19	7/22/2020 9:45 PM
109	Kids turning the virus into a "cheese touch" situation. Kids getting bullied/picked on for coughing. Lots of things	7/22/2020 9:36 PM
110	Students not being able to stay 6 feet apart at all times and the possibility of staying in the same classroom all day.	7/22/2020 7:52 PM
111	Getting sick and or getting others sick if I get corona and don't know	7/22/2020 5:11 PM
112	HAVING TO WEAR A MASK AND STAY 6 FEET APART	7/22/2020 5:10 PM
113	Not being able to be with my friends and have a social life because I feel like that's an important part of high school.	7/22/2020 4:25 PM
114	not looking forward to teachers thinking they are in a higher point of authority than they really are and trying to enforce guidelines that are new for everybody	7/22/2020 3:34 PM
115	The deal with lockers. Because people will be right next to eachother.	7/22/2020 2:48 PM
116	Getting COVID-19.	7/22/2020 2:40 PM
117	I'm worried about not being able to have a fun and normal senior year if people don't follow the rules. I want to be able to have somewhat of a senior year in school and not just online. I understand that doing online school is for our safety but if we take precautions I just want to be able to have school the way it used to be just with masks on.	7/22/2020 1:37 PM
118	Being confused for my classes and where to go	7/22/2020 1:28 PM

Summer 2020 School Community Survey-Students

119	catching the virus	7/22/2020 1:24 PM
120	Having to wear a mask for the whole school day.	7/22/2020 1:08 PM
121	N/A	7/22/2020 12:58 PM
122	.	7/22/2020 12:52 PM
123	Nothing	7/22/2020 12:43 PM
124	I am most worried about the unknown. I hate bot knowing what is going to happen.	7/22/2020 11:12 AM
125	The constant fear of Covid being around the corner and anyone of us could get it and spread it around to our friends.	7/22/2020 11:03 AM
126	kids aren't gonna listen	7/22/2020 6:31 AM
127	people feeling too comfortable and causing the virus to spread within our school and town	7/22/2020 1:28 AM
128	getting covid	7/21/2020 11:09 PM
129	nothing	7/21/2020 11:00 PM
130	I am most worried about possibly coming in contact with someone who has the virus or someone who has been exposed. Although face coverings will be worn, in addition to the hand sanitizer throughout the school and my own personal supply, it is still scary. With my mom being a nurse, I also do not want to place other people at risk. I know that going back and following CDC guidelines is the best, but returning to online learning at some point throughout the year seems inevitable.	7/21/2020 10:59 PM
131	I'm kind of worried about lunch time and how that will work since we can't wear our masks when we eat.	7/21/2020 9:24 PM
132	The lack of air conditioning. Most classes do not have air conditioning or have not good air conditioners. It is bad enough in the school on hot days, but if we have to wear face masks throughout the day, it will be really bad when it is super hot out.	7/21/2020 8:00 PM
133	that I will become sick with COVID-19 and the plan for reopening will not work.	7/21/2020 7:41 PM
134	Getting the rest of my family and friends sick	7/21/2020 7:39 PM
135	that some kids won't follow the rules, and it just goes downhill from there.	7/21/2020 7:11 PM
136	nothing	7/21/2020 7:02 PM
137	Students not following instruction for social distancing/ COVID-19 safety precautions	7/21/2020 6:15 PM
138	Who will be safe to be near and if things are clean or not.	7/21/2020 5:12 PM
139	That I will be under prepared for some classes or if the way we are instructed affects my learning	7/21/2020 5:02 PM
140	The protective measures that will be used, I would prefer not to come home with the novel virus and spread it to my loved ones as I have loved ones who are at a higher risk of mortality.	7/21/2020 4:57 PM
141	getting the virus and bringing it to my family	7/21/2020 4:18 PM
142	Not sure	7/21/2020 4:16 PM
143	Not to get sick	7/21/2020 4:08 PM
144	i'm not worried about anything.	7/21/2020 3:06 PM
145	Nothing	7/21/2020 2:51 PM
146	Nothing at all except for being behind	7/21/2020 2:49 PM
147	i have asthma. i do not want the coronavirus. i fear going back to school is a very unintelligent idea and people are going to not social distance and hangout with each other weather they're in the same "group" or not	7/21/2020 2:47 PM
148	The masks, its hard for me to see because my glasses fog up, and it gets hard to breath sometimes when wearing a mask	7/21/2020 2:33 PM

151	Getting sent back to doing distance learning	7/21/2020 2:15 PM
152	I'm just worried it's not gonna be the experience everyone loves about highschool. For example, spirit weeks, pep rally's, etc.	7/21/2020 2:03 PM
153	Getting false hope that everything will be alright and then shutting down sports and school and clubs and everything all over again	7/21/2020 1:59 PM
154	I'm more worried about how other students are going to react, since everyone has a different view on these things	7/21/2020 1:51 PM
155	Personally, I am worried about my work getting in the middle of schoolwork.	7/21/2020 1:45 PM
156	Safety	7/21/2020 1:43 PM
157	Wearing a mask	7/21/2020 1:42 PM
158	That students will not take it seriously. I know that there will be students that won't wear their mask correctly, cough on purpose to make a joke, or just not follow the rules at all. I'm also concerned for the students that feel like they can't miss a day of school (out of fear of being behind in classwork), that they will come in even though they feel sick. Regarding a previous question that states "all person who may have come into contact with the person are identified and must quarantine." I just wanted to explain that there would be no point in opening school if this is going to happen. We are social people who talk and engage with others, so the administration would have to quarantine a lot of the student body because 1 person decided to go to 6 of their classes, talk to their teachers, those teachers then teach their 6 classes, and so on. I would rather wait and miss some of my senior year than to waste time by hunting students down that came in contact with a positive-tested student.	7/21/2020 1:42 PM

246	That I am going to catch covid-19 and everyone else is at risk and we can all get it and get sick. We should not open the schools because people at homes could catch it and get sick. Our grandparents can be at risk of death if we visit them and have the virus and we don't know it. The virus is known as the "invisible enemy" and that means any of us could have it and we don't know about it and could be affecting staff, teachers, etc. Also, we left school with thousands of cases and now were possibly going back with millions. I am concerned for my health and everyone else's. If we are told to wear a mask the whole day some people might not listen to the rules and can break it. Besides, if we have to wear a mask if we go back we will need fresh air and time to have a break. Thus, this is why we should not go back to school due to health concerns and catching the new virus we are all at risk for since we have no protection/vaccine.	7/18/2020 7:43 PM
