

February 7, 2021

Good Afternoon Bungay and High School Families,

We hope that this message finds you safe and warm on this snowy Sunday. This Sunday afternoon, we were notified of confirmed coronavirus cases in both Bungay School and in Seymour High School. As a result of these cases, we have begun our contact tracing and this list will not be done by tomorrow. Therefore, we will need Monday to continue to contact anyone that may be impacted and this will occur throughout the day tomorrow. Since we will continue to do this tomorrow, both Bungay School and Seymour High School will all be on remote learning for Monday February 8. We remain confident that after all of our in depth contact tracing is complete, the number of students that will have to quarantine will be reduced. We apologize for this inconvenience; however, we need to ensure that all contacts are made before we return to our in person hybrid-learning model on Tuesday February 9. Thank you again for all of your patience and understanding.

Thank you,

Michael Wilson, Superintendent

Vonda Tencza, Associate Superintendent

Rebecca Bennett, Head Nurse
