

Good evening,

This correspondence applies to those children who utilize school bus/van transportation. We hope this correspondence finds you all well, and you are enjoying your weekend. Effective February 28, 2022, the Center for Disease Control & Prevention (CDC) is exercising its enforcement discretion to not require that people wear masks on buses or vans operated by public or private school systems, including early care and education/childcare programs. CDC is making this change to align with updated guidance that no longer recommends universal indoor mask wearing in K-12 schools and early education settings in areas with a low or medium COVID-19 Community Level. **Therefore, on Monday, February 28, 2022, masks will be optional in school and on the buses moving forward.**

Have a great weekend,

Dr. Susan Compton, Superintendent of Seymour School District
Vonda Tencza, Associate Superintendent of Seymour School District
Rebecca Bennett, RN, Head Nurse for Seymour School District
