March 23, 2020

Dear Seymour Families,

We hope this communication finds you healthy and safe.

Today we wish to address the fact that elementary school families recently completed parent-teacher conferences and expect to view report cards very soon. This will still occur, however, much like everything in our world today, the process will look a little different. The middle and high school marking periods are expected to close on March 31 and as of today we are still planning on following that timeframe for middle and high school. Should we be held out of school longer, we will update you on the status of middle and high school report cards at that point.

John Adams, a famous American historical leader, once quoted, “Every problem is an opportunity in disguise.” Seymour Schools is excited to share that we are taking this opportunity to take advantage of the online capacity of PowerSchool to allow parents and students to view their report cards online. Elementary teachers have been busy completing student report cards, and the PowerSchool portal has been closed to accommodate that important work. Report cards will not be available until the portal is open to parents by administration. The elementary PowerSchool Portal will be re-opened on March 25.

Elementary Families: How do you view your child’s report card?

- Parents must sign into your PowerSchool Parent Portal account. If you have forgotten your account information, you should contact Pat Boyle at pboyle@seymourschools.org or call 1-203-888-4564 X 1902
- Students may use their PowerSchool access to view their report card.
- Select the name of the child whose report card you wish to view.
- Click on ‘Grades and Attendance’ and then the ‘Standards Grades’ Tab.
- You then can expand all of the standards by clicking ‘Expand All’ to view the grades
- You cannot access report cards from the PowerSchool mobile app.

We understand that you may have questions and may need assistance. Please feel free to reach out to your building administrators with general report card questions or Pat Boyle for assistance accessing your PowerSchool account.

Never has it been more true than now that it takes a village. We appreciate our Seymour village.

Thank you,

Vonda Tencza
